

CHICAGO TRACTION MEN END STRIKE

CAR SERVICE TO BE RESUMED THIS MORNING

Accept Compromise Offer Previously Rejected by Close Vote

CHICAGO, Aug. 1.—Chicago street car men voted today to end the strike by a majority of 836. Car service will be resumed tomorrow morning, probably at four o'clock on both surface and elevated lines which have been tied up since early last Tuesday morning by a strike of 15,000 men.

The vote was taken on acceptance of a proposition agreed upon by representatives of the union and the companies last Monday, but which the membership rejected that night, voting to strike immediately. Radicals dominated that meeting. Union officials declared that their referendum vote was taken today only after William D. Mahon, of Detroit, International President of the Union had come here and personally urged the strikers to accept the offer.

Gain Increase in Pay.
The men gain an increase from 50 to 55 cents on surface lines and from 51 to 57 cents on the elevated roads, with the eight hour day time and one half for overtime and an arrangement of runs to the better advantage of the men.

The total vote of both elevated and surface Unions showed 6,360 in favor of accepting the offer and ending the strike, and 5,974 against it. The closeness of the vote was a surprise in some quarters.

The surprising feature of the voting was the majority of 565 against accepting the offer by the surface lines men.

The elevated men voted 1,964 in favor of the proposition and 913 against.

The combined vote rules, however, as both unions are directed by one executive board and the narrow margin of 386 votes directs the men to return to work under the new agreement.

To Open Fare Hearings.
The agreement between representatives of the men and companies was entered into in negotiations in which the state public utility commission participated. It was understood that the commission will open a hearing tomorrow on the elevated company's application for higher fares and that after the surface lines will file an application.

Rapid hearings are expected with a decision for fares increased from five to seven cents on the surface lines and from six to seven or eight cents on the elevated roads. To meet the benefits granted the employees the public probably will have to pay a sum in excess of \$8,000,000 annually.

Mr. Mahon in a statement tonight urged the men to return to work and fulfill their obligations and gave credit to Governor Lowden for arriving at a settlement.

HAYS WILL NOT RUN FOR GOVERNOR

BROOKVILLE, Ind., Aug. 1.—Will H. Hays, chairman of the Republican national committee will not be a candidate for the Republican nomination for governor of Indiana. He will continue to give his undivided attention to his national chairmanship. Mr. Hays, in a brief statement announced his decision at the mid-summer meeting of the Indiana Republican Editorial Association at Magnolia Springs near here today.

"I am very sensible of the privilege incident to the opportunity for service and distinguished honor in the governorship of Indiana," said Mr. Hays, in declining to make the race, "but I cannot however, further consider being a candidate."

DETROIT PLANT BURNS

Detroit, Mich., Aug. 1.—The Wadsworth Manufacturing company's plant covering an area of three blocks, an adjoining workmen's hotel and the large yards of the Sibley Lumber company were destroyed by fire tonight. Police placed the loss at nearly \$1,000,000. The flames spread to the Maxwell-Chalmers and Anderson Drop Forge plants and caused considerable damage to these factories before they were brought under control.

WARD BATTLESHIP CONTRACT

Washington, Aug. 1.—Secretary Daniels announced today just before leaving for the Pacific coast that a contract for the construction of Battleship No. 54, to be named the Massachusetts, has been awarded to the Fore River Shipbuilding corporation, Quincy, Mass. This ship will be of 43,200 tons displacement.

HOUSE ABANDONS RECESS AT WILSON'S REQUEST

Fall Criticisms League, Pact and Wilson

WASHINGTON, Aug. 1.—President Wilson, the League of Nations, and the German peace treaty were criticized by Senator Fall of New Mexico, Republican member of the foreign relations committee in an address today in the senate.

Urging adherence to the American policy against European entanglements Senator Fall declared President Wilson was asking the senate to join him in "ceaseless American patriotism."

The League of Nations, Senator Fall said, would create "a great super government," subvert the American government, strike at the power of congress and result in the surrender of American freedom.

Other provisions of the peace treaty were declared by Mr. Fall to exploit weaker races and nations and establish selfish rights.

"The President appeals to the senate," said Senator Fall, to join him in overturning the American policy of 110 years in undermining every influence with other nations which that policy has created and maintained; in deadening the influence of American patriotism, here at home; in rendering obsolete the word patriotism in our vocabulary; in joining this nation, now possessing the confidence, respect and admiration of the people of the other nations who have ceased our conduct to stand out in such brilliant contrast and in a council where our freedom of action hereafter will be controlled by the vote of eight of these nations. We are requested—may we be commanded—to surrender our freedom, to yield our sovereignty to subvert our government."

"Joined with the other people of the world in this so-called peace treaty; constituting only a fraction of the governing body of the League; unable within the league to impress ourselves and our ideas and to make our demands, as we could out of it because of the fact that we delegate to others the right to vote, eight votes to one against us in any matter of selfish interest in which they can unite, we have not only deprived the government of our fathers, but in my mind, we have committed a crime against the nations of the earth, against civilization itself and rewarded for more than a thousand years that reign of Christ which we all hope will eventually bring the people of the earth together."

COMPLETE DECISIONS OF LABOR BOARD

CHICAGO, Aug. 1.—Decisions of the national labor board were completed here today affecting labor controversies in Buffalo, Cincinnati, Pittsburgh, East St. Louis and Portland, Ore. They were forwarded to Washington where they are to be announced within a short time, possibly tomorrow.

Mr. Taft said that Basil Manley of the board, who conferred here today with him, is taking the completed negotiations in the Pittsburgh, Portland and East St. Louis labor cases to Washington. Mr. Taft would not give out the results here.

He said the board had appealed to the secretary of labor for an order of dissolution to be effective at the board's next meeting in New York August 12. The board, he said, now has disposed of practically all business before it and if not now dissolved will be embarrassed by submissions and applications which it is not equipped to dispose of.

FIRST UNIT OF SECOND DIVISION RETURNS

NEW YORK, Aug. 1.—The first unit of the famous Second Division to return home—the Ninth regiment of infantry—arrived here from first today on the Transport Princess Matoika.

All other units of the division now are on the seas. On the Transport George Washington, due Monday are the supply company and second battalion of the sixth regiment and a number of smaller units.

J. N. RAYMOND SUICIDES

Chicago, Aug. 1.—James Nelson Raymond, 72 years old, founder of the Raymond Lead Co., and a retired capitalist, committed suicide at his home today by shooting himself in the head. He had been in ill-health for several months.

TAUSSIG RESIGNS

Washington, Aug. 1.—The resignation of F. W. Taussig as chairman of the United States tariff commission was accepted today by President Wilson.

CHICAGO RACE WAR TERROR VIRTUALLY OVER

Armed Vigilance Still Rules Riot Areas on South Side

CHICAGO, Aug. 1.—The Chicago race war was virtually over, state and city officials believed tonight after a day of quiet following five days of rioting, between negroes and whites with an official death list that stood at 25 tonight, and probably about 1,500 persons injured, of whom a number may die.

Troops Still on Duty.
But armed vigilance still ruled the riot areas of the negro district on the South Side where more than 6,000 state troops patrolled the streets with the bulk of the police force and nearly 2,000 special policemen on duty.

As a precaution against a possible displacement of the order that had been maintained today, Chief of Police Garrity closed all saloons, cabarets, athletic clubs and other places of assembly, except churches in the negro district.

Although officials generally expressed themselves as well satisfied with conditions, Col. A. F. Lorenzen, of the First Illinois Reserve Militia described the situation as an "armed truce." He declared that the negroes still had quantities of firearms, as did whites also, and that he believed further rioting was to be expected unless all deadly weapons were confiscated—house to house search.

Attorney General E. J. Brundage declared such a search for weapons would be unlawful.

Negroes Protest Vigorously.
Negro leaders in a public statement declared that "notorious acts of search and seizure" already had been made and they protested vigorously. They quoted the constitution of the United States that the right of the people to bear arms shall not be abridged.

Virtually the entire edition of a negro weekly newspaper containing sensational headlines was bought up by the Third Reserve Militia in the absence of authority to confiscate it.

Although no fresh disturbances of consequence occurred today, two whites and one negro succumbed to wounds or injuries.

With law and order restored, Attorney General Brundage conferred with more than a score of assistants and distributed them among police courts, the state's attorney's and the coroner's offices. He said the work here would be on a much larger scale than following the East St. Louis riots and that having got on the ground while the rioting still was in progress his office would have a considerable advantage in sifting the evidence on which the guilty would be brought to justice.

Refugees Reach Rockford.

Rockford, Ill., Aug. 1.—Police officials declared tonight that at least a dozen negro refugee families, terrorized by the race war in Chicago have arrived in this city during the last two days. Attorney Rockford has a good sized negro district no trouble between the whites and negroes is anticipated.

PERSHING AWARDS SERVICE CROSSES

WASHINGTON, Aug. 1.—The war department announced today that General Pershing had awarded the Distinguished Service Cross to the following officers and men of the American Expeditionary Forces:

Lieut. George F. Worthen, St. Joseph, Mo.; Sergeants Edwin W. Wiggins, Carthage, Mo.; Herd Smith, Willow Springs, Mo.; John L. Wilkerson, Richmond, Mo.; and Frank J. Kilfoyle, St. Joseph, Mo.; Corporals Levi W. Griswold, Yarrow, Mo., and Earl Wright, Bucklin, Mo.; Mechanic Sherman B. McCombs, Edwardsville, Ill.; Private Leo Kowalkowski, St. Louis, Mo.

AWARD COAL CONTRACTS

Springfield, Ill., Aug. 1.—Contract awards for 240,000 tons of coal for use in state institutions, involving the expenditure of approximately \$750,000, were announced by the division of purchases and supplies today. The contracts cover the fiscal year ending June 30, 1920. Prices paid vary between \$2 a ton for mine run and \$5.85 for West Virginia hard coal.

MRS. PAYNE DIES

Chicago, Aug. 1.—Mrs. John Barton Payne, wife of the new chairman of the federal shipping board, died tonight in her country home at Elmhurst, a suburb, a few hours after her husband's appointment had been confirmed. She had been ill two weeks. Her condition was so critical Monday that Mr. Payne was called from Washington. He was at her bedside at the end.

Second Daylight Shopmen Strike Saving Repeal Against Advice Of Officers

WASHINGTON, Aug. 1.—The senate today decided to have the proposal for repeal of the daylight saving law again run the gauntlet of President Wilson's veto. By a vote of 41 to 12 the senate passed and sent to the president the separate house bill repealing the daylight saving measure.

During prior discussion of the house bill several senators predicted that the measure like the agricultural appropriation bill would be vetoed by the president. The senate house bill was passed June 28, but action in the senate was suspended until today and in the interim the president vetoed the rider and the house was unable to enact it over the veto.

The senate's action now places virtually similar repeal legislation again before the president. The only difference in the vetoed rider and the separate bill is that the latter would not interfere with standard zones of time.

Many democrats joined with Republicans in favor of the repeal bill.

AUTHORIZE WILSON TO CALL CONFERENCE

WASHINGTON, Aug. 1.—So that the first meeting of the international labor conference created by the Versailles treaty may be held in Washington next October regardless of whether the treaty is ratified, the senate unanimously adopted today a joint resolution authorizing the president to call such a meeting but giving no authority for American representation unless and until the treaty's ratification has been accomplished.

The action was taken after Secretary Wilson of the labor department had told the foreign relations committee that even if the treaty were rejected here, its acceptance by other powers would validate the request it contains that the president call the first conference to meet here in October. He said that under existing law the executive was without authority to act and that it was necessary to begin preparations soon as more than a score of nations already had signified their intention to be represented. In committee the resolution introduced by Senator Kenyon, Republican, Iowa, was stripped of all reference to the fact that the conference was created under the treaty, the authorization as finally framed merely referring to an international labor conference.

Action on the resolution by the house is necessary before the president's authority is complete.

RAIN RELIEVES DROUTH IN STATE

SPRINGFIELD, Ill., Aug. 1.—Rains which fell generally throughout the corn belt of Illinois last night were worth thousands of dollars to farmers, according to Clarence J. Root, meteorologist of the federal weather bureau here today.

Precipitation at Springfield was thirty eight hundredths of an inch.

"The rain relieved the drouth in most sections of the state," Mr. Root said, "although southern portions still are suffering. The menace to the corn crop is removed."

Moderate temperature is promised for the immediate future.

SAYS SENATE WILL RATIFY THIS MONTH

PARIS, Aug. 1.—(Havas.)—Frank L. Polk, American assistant secretary of state and head of the United States peace delegation here told a group of French newspapermen here today that the United States senate committee on foreign affairs would complete its report on the German treaty by the middle of August and that the senate would not take more than two weeks to ratify it.

Admiral Kolchak, head of the Omsk—All-Russian government, will be given moral and even material aid by the United States, Mr. Polk said, and added that Bolshevism is not to be feared in his country. The matter of an American mandate for Constantinople he declared is a matter for congress to decide as such a procedure is new in American history. He said it is not certain that the government would accept such a mandate. He declined to discuss the Shantung question.

APPROVES CONSTITUTION

Berlin, Aug. 1.—The German national assembly at Weimar approved the new German constitution yesterday by a vote of 282 to 75. Konstantine Fehrenbach, president of the assembly formally declared the constitution adopted. The opposition votes came from the German national peoples, the German peoples and the Independent Socialist parties.

RENNER DENIES REPORT

Paris, Aug. 1.—Dr. Karl Renner, Austrian chancellor and head of the Austrian peace delegation at St. Germain, today denied categorically recent reports that the Austrian cabinet is about to resign.

ASKS SPECIAL COMMISSION TO ACT ON INCREASES

CHICAGO, Aug. 1.—President Wilson's request today that congress create a commission to consider wage increases for railway employees was favorably received by officers of the Chicago district council of the Federated Shopmen's Union which called a nation-wide strike of railway shop workers at 1 o'clock this morning.

Press dispatches stated the president had suggested that any proper wage increase be made retroactive to Aug. 1, 1919, and the local shopmen's leaders declared that they would remain firm for retroaction to January 1, 1919.

Expect Number to Increase.
The shopmen's strike according to today's reports was briefly effective in the middle west and southeast and in the latter section alone 35,000 men have laid down their tools according to union leaders. All over the country and especially in the middle west union locals were voting tonight on the strike proposal. Tomorrow will see a big increase in the number of men on strike union officials believe.

The local unions had disregarded the advice of their international officers at Washington, who have been conferring with the railroad administration and who yesterday instructed the men not to strike. The request for increased wages from 68 to 85 cents an hour for machinists and from 46 to 60 cents an hour for helpers was made the first of the current year, the union men said.

Expect Officers to End Strike

Washington, Aug. 1.—Officials of the railroad administration look to the international officials of the six shop crafts to settle the strike of shop men which occurred today in the middle west and south. Under an agreement made yesterday between union officials and Director General Hines the men were to remain at work pending consideration of their demands. Mr. Hines consenting to enter into a national agreement covering working rules and to take up immediate demands for increased wages.

Instructions to the men not to strike were sent yesterday by the union officials after the agreement had been entered into.

Fifteen Hundred Quit.

Rock Island, Ill., Aug. 1.—Fifteen hundred shopmen employed by the C. R. I. & P. railroad at Silvis, Illinois went out on strike at 10 o'clock this morning in accordance with the strike call issued late yesterday by the Chicago district railroad council. The Chicago district railroad council represents 114,000 railroad shop men in the Chicago district, of which the SI's shop men are a part, and the remainder of the membership is expected to go out upon receipt of the strike order.

217 AMERICANS KILLED IN MEXICO

WASHINGTON, Aug. 1.—Two hundred and seventeen American citizens have been killed in Mexico since the end of the regime of Porfirio Diaz on May 25, 1911, the senate was informed today by Secretary Lansing in response to a resolution by Senator King, Democrat, Utah. Claims filed by American citizens asking damages because of Mexican depredations during the time have totalled 942, Mr. Lansing said.

PUT COPY OF PACT IN SENATE RECORD

WASHINGTON, Aug. 1.—A copy of a treaty between the "big five" powers and Poland said to have been signed at Versailles on June 28, was put into the senate record yesterday by Chairman Lodge of the foreign relations committee, who said it had been submitted to the British parliament two weeks ago.

The text of the agreement between President Wilson and the representatives of the other big powers for government of the Rhine district also was presented by Senator Lodge, who said he had received a copy privately after the document had been presented to the British parliament.

PUBLISH "WHITE BOOK"

Berlin, Thursday, July 31.—By The Associated Press—A "white book" was published at Weimar today containing all the documents relating to the period from August 13, to November 11, last, dealing with the peace offer of the German and the armistice.

In a preface the government says it decided upon publication of the document because the people want to know the truth.

MERGE REVENUE DISTRICTS

Chicago, Aug. 1.—The federal internal revenue districts of Chicago and Peoria were merged today and will be under the direction of Julius F. Smetanka, of Chicago. The consolidation of these offices makes Chicago the largest district in the United States. It comprises 30 counties in northern Illinois, eleven of which were formerly in the Peoria district.

WILL MAKE Reservations Part of Pact

WASHINGTON, Aug. 1.—The reservation proposal agreed to by seven Republican senators as the basis of ratification of the league of nations covenant is so worded, it became known tonight that the "reservations and understandings" enumerated shall become "a part of the treaty and shall not stand simply as a detached interpretation" by the senate.

While some of the sponsors of the program regard it as merely interpretative in effect, clarifying the language of the covenant without changing the meaning of any provision, others of the seven believe it goes far and great, and so far certain features, which they say violate national rights.

Text of Proposed Resolution.
The reservations as agreed to in definite terms are embodied in a proposed ratification resolution reading as follows:

"That the senate of the United States advise and consent to the ratification of said treaty with the following reservation and understandings to be made a part of the treaty by the instrument of ratification:

"1. That whenever the two years' notice of withdrawal from the league of nations shall have been given by the United States as provided in Article One, the United States shall be the sole judge whether and at its international obligations and all its obligations under this covenant shall have been fulfilled at the time of withdrawal.

"2. That the suggestions of the council of the league of nations as to the means of carrying out the obligations of Article Ten to effect are only advisory and that any undertaking under the provisions of Article Ten, the execution of which may require the use of American military or naval forces or economic measures carried out only by the action of the congress and that the failure of the congress to adopt the suggestions of the council or of the league or to provide such military or naval forces or economic measures shall not constitute a violation of the treaty.

"3. The United States reserves to itself the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating to its internal affairs including immigration, coast wise traffic, the tariff provisions and all other purely domestic questions are solely within the jurisdiction of the United States and are not by this covenant submitted in any way either to arbitration or to the consideration of the council or assembly of the league of nations or to the decision or recommendation of any other power.

Plan to Enlarge Number

The seven Republicans who agreed to this proposal as a basis for the effort to bring on a middle ground senators of both parties who favor the league plan in general outline, were Senators McNary, Oregon; McCumber, N. Dakota; Colt, Rhode Island; Spencer, Missouri; Cummins, Indiana; Kellogg, Minnesota, and Noroot, Wisconsin. It became known tonight that the proposed resolution had not been presented either to Republican Leader Lodge or to Senator Hitchcock, administration leader in the treaty fight, and that the efforts of the group sponsoring the plan probably would be directed for the present toward enlarging their numbers in order to hold indisputably the balance of power. Negotiations with administration leaders on the general line laid down in the resolution have been in progress however, for several days.

WILL REMAIN IN SESSION TO COMBAT PRICE

WASHINGTON, Aug. 1.—Developments today in the efforts of the government to reduce the high cost of living were:

The house at the request of President Wilson, agreed to defer its planned five weeks recess and consider demands of railroad employees for increased wages:

The senate again discussed increased living costs but postponed action on the Myers resolution proposing reduction in currency circulation.

The committee of three appointed yesterday to consider means of reducing living expenditures and report to the president and cabinet Monday, began work.

The national officers of the Brotherhood of Railway Conductors conferred with President Wilson regarding increased wages and the cost of living.

The house interstate commerce committee reported favorably a resolution directing the federal trade commission to investigate the increased price of shoes.

Resolutions and bills designed to alleviate conditions of living were introduced in both houses of congress.

Expect Important Recommendations

Of the half dozen important developments, however, the request of President Wilson that the house forego its recess at least temporarily to consider wage requests of the railroad workers of the country and to study economic conditions was by far the most unexpected.

Alacrity with which the house complied with the request of the president was taken as an indication of the deep impression made in members of congress by pleas or relief from all parts of the country.

Expect Important Recommendations

President Wilson, it was said, the white house today, had the subject of economic conditions before him in a variety of phases. In making his request to the house, he said that he expected important recommendations within a fortnight from his advisers.

Shortly before the president sent this request to the house it was learned that the conference of cabinet members and other officials assembled yesterday by Attorney Palmer to initiate measures for relieving the average man from high prices would convene Tuesday and would have a new member in the person of Julius Barnes, director of the United States grain corporation.

Invitation to him to attend

was interpreted today as meaning that serious consideration would be given to the proposal to sell wheat at the market price allowing the government to absorb the difference between that and the \$2.26 guaranteed the farmer.

Director General Hines, assistant secretary of the treasury

Leffingwell and Chairman Colver of the federal trade commission, appointed a special committee by the conference will report at the next meeting on the various suggestions which have been advanced, especially those to curb profiteering.

Packers Desire to Aid.

Chicago, Aug. 1.—Thomas Wilson, of the executive committee of the Institute of American Meat Packers telegraphed President Wilson today that the packing industry organization, representing the five great packers and two hundred small packers, desired to aid the high cost of living inquiry in every way possible.

"The high cost of living is today the most important question before the American people. It will undoubtedly be found that a variety of causes contribute to the situation. The public is entitled to know the full and exact facts. The Institute of American meat packers speaking authoritatively for its two hundred members invites a thorough investigation of their business and audit of their books by capable certified public accountants. Such an examination will disclose the actual facts and, we are sure will show that the packers are not responsible for the prevailing high prices of meats and other products which they handle."

IVAN S. ROSSITER
in
Behind the German Lines

Lieutenant Ivan S. Rossiter who comes to the Chautauqua is one of the worth while war lecturers. He has had a unique experience, having been for nine months in the prison camps of Germany, and he not only knows the war from the standpoint of the battle front, but the war from the standpoint of inside the German lines. Since the war broke out it has been the policy of the German government to retain as prisoners men of education and ability who have seen much of the inside of Germany, and it was only by a very careful thought out plan that Lieut. Rossiter was able to escape, or rather to be exchanged. The story he now has to tell of German prison life and of industrial and social conditions inside of Germany is pertinent and interesting.

RUSS WILLING TO GIVE NORWAY ISLANDS

PARIS, Aug. 1.—(By The A. P.)—The Russian political committee in Paris had advised the peace conference commission which is considering the disposition of the Spitzbergen archipelago, which lies in the Arctic ocean between Franz Joseph land and Greenland, that the Russians are willing to have Spitzbergen given to Norway. The belief is expressed by the Russians, however, that it will be necessary to have an international convention for the purpose of protecting the rights of persons of various nations having property in Spitzbergen.

SUSPEND JENNINGS

Boston, Aug. 1.—Notice of his indefinite suspension was received by Manager Hugh Jennings of the Detroit Americans before the Tigers left this city for New York last night. This action by President Johnson of the American league was a result of an argument between Jennings and Umpire Moriarty during the double-header here Wednesday.

ACCEPT RESIGNATIONS

Washington, Aug. 1.—Secretary Baker has accepted the resignations of two members of the U. S. Liquidation commission in Paris, Brig. Gen. Charles G. Dawes and Homer H. Johnson.

General Dawes, who is a temporary officer in the army, resigned to return to the United States while Mr. Johnson plans to undertake relief work in Poland.

PROMOTE BRITISH GENERALS

London, Aug. 1.—General E. H. H. Allenby, formerly commander of the British forces in Palestine and at present special high commissioner for Egypt, and Soudan and Lieut. Gen. Sir Herbert Plummer, commander of the second British army, have been raised to the rank of field marshal.

WOULD RETURN TO WAR FOOD SYSTEM

LONDON, Aug. 1.—(By The Associated Press.)—Steps toward international collective purchasing of foodstuffs to check profiteering and speculation, which are declared to be rife in all countries were taken at today's meeting of the supreme economic council. The return to the system in vogue during the war was proposed by the British, French and Italian representatives. The proposal was referred to a committee which will coordinate the plan and present it to the American government with an invitation for its cooperation. The members of the council stated they recognized that profiteering and speculation had been going on generally for some time, but the active steps toward unwarrented price raising during the past thirty days is considered alarming. This was due, the members believed to a sharp fall in the harvest prospects in the past month.

AUSTRIAN CABINET DECIDES TO RESIGN

VIENNA, Aug. 1.—Via Bern.—The Austrian cabinet headed by Dr. Karl Renner has decided to resign.

Austrian governmental affairs have recently been in a rather unsettled state. The peace terms presented by the allied and associated powers to the Austrians at St. Germain-En-Laye have been stoutly protested against in official circles in Vienna, the financial provisions being considered as particularly onerous and predictions being made that Austria was likely to be driven into bankruptcy.

Last week Dr. Otto Bauer, the foreign minister, resigned his post largely it was said, because of dissatisfaction at his failure to obtain important advantages for Austria in the negotiations leading up to the formulation of the peace treaty. Chancellor Renner, however, filled the gap caused by Dr. Bauer's resignation by taking over the duties of the foreign office himself in addition to those of the chancellorship.

MYSTERY SHROUDS TURNING OVER SHIP

NEW YORK, Aug. 1.—Mystery still shrouded tonight the capsizing of the 3,600 ton British Freighter Clan Gordon, 140 miles off Cape Hatteras in a comparatively calm sea Wednesday afternoon with the loss of four members of her crew, one of them the wireless operator.

The freighter, bound from New York to China, turned turtle in full view of passengers on board the United Fruit Company's Steamship Abangarez.

Officers of the Abangarez which arrived here today with the Clan Gordon's survivors, had their attention attracted to the Clan Gordon by her apparent heavy list and the passenger ship had turned to investigate when with startling suddenness, the British vessel turned completely over.

Explanation of the accident was refused by the Clan Gordon's officers and representatives of her owners.

HASTEN WITHDRAWAL OF AMERICAN TROOPS

COBLENZ, Aug. 1.—(By The Associated Press.)—All American soldiers excepting about 8,000 who will remain on the Rhine indefinitely, will be out of Germany by August 20, according to the latest instructions from general headquarters which are being carried out by the officers in the Coblenz area.

In hastening the withdrawal of the American troops it was announced today that the first division had been turned over to the transportation department and that the first units of this division would probably entrain for Brest August 12.

OSCAR HAMMERSTEIN DIES

New York, Aug. 1.—Oscar Hammerstein, theatre builder and producer of grand opera, died in a hospital here tonight of a complication of diseases after an illness of several days.

PREDICT HUNDRED PER CENT INCREASE

Chicago, Aug. 1.—A one hundred per cent increase in the cost of women's gowns for fall and winter was predicted by delegates to the third annual convention of the woman's wearing apparel association which began today. Increased cost of labor and high prices of silk and cotton were pointed to as the basic causes.

E. S. KEELEY DIES

New York, Aug. 1.—Edward S. Keeley, assistant treasurer and manager of the United States Sugar Equalization Board formerly vice-president in charge of traffic of the Chicago, Milwaukee and St. Paul railway, died today in a Summit, N. J., hospital from peritonitis, following an operation for appendicitis.

CRIPPLED CHILD IS TAKEN TO SPRINGFIELD

Miss Coleman, the public health nurse, went to Springfield Thursday to attend the weekly clinic held at St. John's hospital by Dr. C. W. East, chief of the Illinois division of child hygiene. Miss Coleman took with her for examination a child which has been badly crippled for a number of years. It is Dr. East's opinion that an operation will effect a cure in this case, but until the child has reached an age when an operation is advisable, a brace is recommended, and if possible this will be obtained.

It is Miss Coleman's intention to bring Dr. East here at some time in October, when a county clinic will be held. Dr. East has consented to come and examine all crippled children of the county who are brought to him on that day. It is known that there are a number of such children in Morgan county, and it has been suggested that here is an opportunity for aid which local people should not be slow in grasping. Many of these children can be cured if the proper care is given them before it is too late.

FARM IN ALEXANDER PRECINCT SOLD FRIDAY

Another farm sale recorded was yesterday when Erickson & De. weese sold to E. A. Purvines the McCormick farm north of Alexander. It is a tract of 283 acres which has been occupied by A. M. Sinclair. The land was purchased about two years ago by Walter McCormick from O. F. Conklin at \$190 an acre and the sale price, while not made public yesterday, was understood to be approximately \$300 per acre. It is an excellent piece of land, the south 150 acres being all black soil, that further north of not quite such strong quality. After Mr. Conklin sold the farm two years ago he invested in another tract not far distant.

CHAUTAUQUA CAMPERS

All persons who occupied tents or camped at the Chautauqua last year may retain the same space for this season, provided they notify the secretary to make such reservation by August 6th. After that date anyone may select from the offerings that remain.

A. C. Rice, secretary.

In his telegram sent Johnson asking that Mays' suspension order be revoked, Ruppert said that, while the request was made in the "friendliest spirit," New York does "not waive its legal right." He refused to explain this passage.

DR. PITNER FIFTY YEARS IN ONE OFFICE

Well Known Local Physician Begins Practice in Present Location Half Century Ago—Has Kept Abreast Advancement of Profession—Charter Member of Jacksonville Medical Club.

Fifty years ago yesterday, (August 1, 1869), there returned to Jacksonville, fresh from college a young man whose outlook upon the future was tinged with optimism backed by an unshakable confidence in himself, and a determination to succeed. This

young man none other than Dr. T. J. Pitner, so well known to the residents of this community over five decades of active mingling with them and administering to their physical ailments.

Seldom is it given to any to round out fifty years of continuous activity in his particular work, in one community, and we believe that Dr. Pitner holds a record in this respect. But the most remarkable sidelight on the doctor's life and work in Jacksonville is the fact that he has continued to occupy the same four office rooms, in the residence at 215 West College avenue, thruout the entire fifty years.

These rooms have become almost an integral part of the doctor, so closely have his coming and goings there been associated with them. Whatever hopes and ambitions of the doctor's life that have been realized as the years have accumulated, have had their realization there.

Active Interest in Profession
Dr. Pitner thruout his years of practice has taken an active interest and part in all that pertained to the advancement of the medical profession. Commencing the practice of medicine in 1869, Dr. Pitner joined the American Medical Association in 1872 and the Illinois State Society in 1870, with which societies he has been continuously affiliated. Under the rules of the Illinois State Society, after a member has been in active practice for a period of thirty years he automatically becomes a life member. About twenty years ago the Jacksonville Medical Club was organized, meeting every other Saturday, the doctor being a charter member. About thirty-five years ago the doctor assisted in the organization of the Medical Library Association, an association designed to collect literature valuable to the profession.

Among those present at the organization and continuing memberships for many years were Drs. David Prince, G. V. Black, H. K. Jones and Josephine Milligan. This organization grew rapidly and proved of great benefit to the

medical fraternity. Its collection of records, manuscripts and text books are now a part of the Morgan County Medical Society and are among the most comprehensive to be found outside Chicago. Aside from assisting in the formation of several of these societies, and active in their continuance, the doctor has served them in an official capacity.

Made Trip to Europe.
In 1875 Dr. Pitner made the trip to Europe in order to take post graduate work in the colleges and hospitals of Berlin and Vienna, spending about a year and a half in this study.

Dr. Pitner today is as actively and as enthusiastically engaged in his practice, which is a large one, as he was thirty years ago. Although in his sixty-sixth year, the doctor is enjoying the best of health, with the brisk step, resonant voice and hearty laugh of a man of forty, giving promise of many more years of ministering to the multitude of friends who have come to rely upon him.

Lives in the Present.
Dr. Pitner never was much of a person to live in the past—today was his, and he was busy with its duties, but in speaking of his "Fiftieth Anniversary in one set of offices," he said he could not help but run back over the years and be particularly struck with the wonderful advances made, not only in his profession, but in every day life, and he could almost wish to live another fifty if only to witness the great progress the present march of events seems to signify. But he had no regrets; he had done his every day duty as he saw it, and was content to leave the rest to a kindly Providence.

NEW BOOKS AT THE PUBLIC LIBRARY

Yesterday afternoon at two o'clock a shipment of rent fiction was received at the Public Library and the staff knowing that this is the season when folks want "a good story" catalogued the books at once and they are now ready for circulation. The titles are:

Austin—According to Orders.
Baroja y Nessi—Caesar or Nothing.
Barton—Ambassador's Trunk.
Bonner—Miss Maitland, Private Secretary.
Gregory—Judith of Blue Lake Ranch.

Hough—Sagebrush.
King—City of Comrades.
Leacock—Frenzied Fiction. In the Perplexity Column as done by the jaded journalist we find that all questions written out legibly with name and address of sender and accompanied by a dollar will be answered immediately without charge.

Lockhart—The Fighting Shepherdess.
Parrish—Strange Case of Cavendish. Randall Parrish is an Illinois author.

Wells—Undying Fire.
Wilson—Martin Schuler.
In addition to this rent fiction there are now available Louise Muhlbach's novels in good edition. These volumes are a gift of Mrs. Elliott and some people may find Marie Antoinette and Empress Josephine good company these summer days.

DISCUSSES AUTO TRAVEL AND CONDITIONS

Jacksonville Journal:

A great deal of comment has been made lately as to young people's driving cars on the streets and country roads, and in general the blame is placed on the young.

It may be right to do so, but in several mixups, collisions and near collisions that I have learned of lately, the blame is more to be put on conditions than drivers. Of two collisions near here inside of a week, obstructions at road intersections have caused both.

Farmers allow hedge fences and large weeds to grow up at corners of the road, making good fields for mishaps. On the Arenzville and Mercedosa road are several.

I shall tell where some of them are. At the Wilday corner four miles east of Mercedosa trees are at both sides of the corner and the trees might be trimmed. It is a very bad corner. One and a half miles northeast of there, on the Graham estate owned by H. V. Pond both weeds and brush obstruct the view at bends in the road, and at the McKendree Chapel corner weeds eight feet high make a dangerous situation. Forty rods east of that corner is another bad place. Here is a bend in the road and the view is obstructed by a bank. Further east at the double bend near Mud Creek bridge, dogwood, sumach, box elder and elm trees form another dangerous place. All of these mentioned places could be remedied in a few hours.

Northwest of Concord near the Hopewell corner, a farmer has allowed his hedge to grow eight feet high or higher. A head on collision partially wrecked two cars this week. Near the Andre farm on the Bethel lane is a bad bend; the Mercedosa mail carrier nearly upset his car, owing to no fault of himself—brush kept him from seeing a team and wagon beyond the corner. He was driving slowly too.

These are a few in the Mercedosa neighborhood and such conditions are to be found all over Morgan county. Several are, or have been until lately, in the Joy Prairie locality. July 4, at the Soldiers' Homecoming, at the west end of Central park, a county official plunged his car into the crowd and struck a man. While young folks should not be allowed to drive cars, the fact is that very young boys are driving very large cars all over Jacksonville, and most of the accidents happen while cars are driven by adults.

I believe it is a part of the highway commissioners' duties to clear the highways of objectionable and dangerous places, or at least to see that it is done.

We have laws providing punishment by fines for allowing hedges to grow above a certain height along roadways. Then who is to blame when auto drivers use care as to speed and control, while property owners have no regard for law or for the safety of those who travel the highways?

A West County Farmer.

ENLISTS FOR SERVICE ON MEXICAN BORDER

Edward Wright, who but recently arrived in the U. S. after more than a year's service overseas, came to his home in this city Thursday. However, his stay will be a brief one, for upon receiving his discharge from the army he immediately enlisted for infantry service on the Mexican border, this service to cover a year. At the end of his present furlough he will leave for the border.

Young Wright, who was a cook in the 823rd transport corps, entered the service on May 8, 1918, and after but two weeks of training in the U. S. sailed for France. Upon returning to the U. S. he was sent to Camp Lee, Va., and it was here that he was granted his discharge.

Jacksonville and Vicinity Visited by Good Rain—Was General Thruout County.

A drouth extending over a period of several weeks in Jacksonville and vicinity was broken early Friday morning when rain fell for several hours.

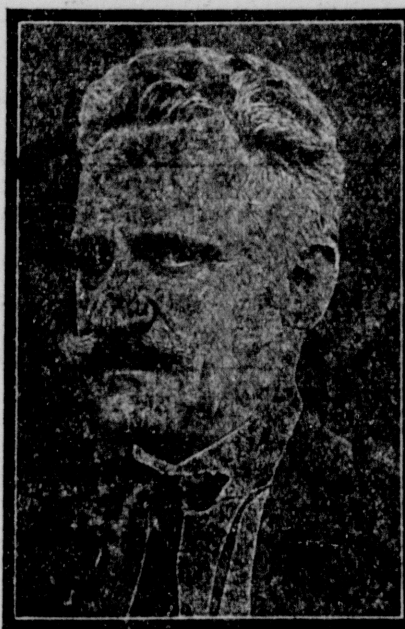

So far as could be learned the rain was general thruout the county. At Literberry rain fell about midnight while at Alexander the rain visited the place early in the morning.

Murrayville, Woodson and Franklin also reported a steady rainfall in their respective vicinities early Friday morning. The rain will prove of great benefit to corn which was beginning to dry and will help to save much of the crop.

In Jacksonville the rain began falling shortly after 2 o'clock Friday morning. It continued almost steadily until daylight and will greatly benefit the gardens, especially tomatoes which were being greatly damaged by the long hot spell.

Friday the temperature had dropped about 25 degrees giving great relief from the torrid weather of the past two weeks. It is to be hoped that now the drouth has been broken that more rain will follow which will assure late garden truck and also be of benefit to pastures.

STANLEY L. KREBS on Bouncing the Blues

Dr. Krebs carries his scientific sieve with him, and in his popular lectures sifts out that which is true and demonstrable from that which is untrue and fraudulent. His lectures, therefore, are of peculiar, absorbing and real interest to everybody.

A well known young business man of this city, who is quite a find hand with horses, went up to Dr. Krebs after his lecture and was heard to ask Dr. Krebs to tell him how to manage "nightmares."

Dr. Krebs was explaining the fact that consciousness is complex and therefore separable, or disintegrable. The reporter took it down all right, but the "devil" not being familiar with that word got things mixed up and the following delectable sentence appeared in the next issue of the paper, verbatim et literatim: "Therefore, do not be surprised when I say that the mind or ego is 'Disreputable.'"

RED CROSS REGIONAL CONFERENCE HERE TUESDAY

The Home Service Workers of thirty counties will meet in Jacksonville on Tuesday for an all day conference.

The local Home Service Section have issued invitations to over sixty Red Cross workers to attend this gathering. The delegates will attend a luncheon to be held in the Blue Room of the Peacock Inn at noon. Important problems of reconstruction will occupy the time of the visitors. Central Division Red Cross workers will present the Red Cross Peace Program.

It is expected that at this significant Regional Conference the policy of the Red Cross in Central Illinois will be outlined.

Our local organization has had a strenuous year. Over 15,000 cases have come within the scope of its activity. Soldiers and sailors and their dependents and friends have paid a splendid tribute to this work.

The Liberty Six

Country roads are the real proving grounds of car quality. It is the continuous road tests to which cars are submitted by those who drive a great deal in the country that demonstrates the stamina and endurance which are vital in establishing its good reputation.

After it once proves that it has the necessary "intestinal" qualities, such a car becomes all the more desirable among buyers who appreciate its other virtues, and at the same time it establishes for itself a steady market in the rural districts.

The Liberty, for instance, is known for its many important refinements and a decided riding and driving difference. It was these qualities which first caught the fancy of city motorists.

Watch the Little Pimples; They are Nature's Warning

Unightly and Disfiguring Signals of Bad Blood

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one

remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical advisor who will give you special instructions, without charge. Write at once to Swift Specific Co., 441 Swift Laboratory, Atlanta, Ga.

REDS DEFEAT GIANTS, TAKE FIRST PLACE

Cincinnati Plays Perfect Ball in the Field, Supporting Ring and Eller in Sensational Style.

Cincinnati, O., Aug. 1.—The Reds by defeating the Giants 6 to 2 today passed them and went into first place in the National League race. Ring pitched shutout ball for five innings but became wild after a hard shower in the fourth and fifth innings had made the field and the ball wet and slippery and was relieved by Eller after walking the first three men up in the sixth. Toney was hit hard in the fourth and fifth innings and driven from the mound. Oeschger pitched the last two innings without being scored on. Ring did well until the sixth when he passed the first three men up. Eller then went in and two of the runners scored on a single by Fletcher and a double play. Eller was very effective in the last three innings, striking out five men.

The Reds played perfect ball in the field, supporting both Ring and Eller in sensational style. The catching and batting of Wingo was a leading feature. In spite of the threatening weather a crowd of 13,000 turned out for the game.

HELD FAMILY REUNION
E. N. Kitcher has returned from Springfield where he held a family reunion with his children. Henry Kitcher, Mr. Kitcher's son, has just returned from overseas service. He stopped off at Decatur where his sister, Mrs. Dorothy Harney, resides. Together they went to Springfield where another sister, Mrs. H. A. Goodrick now lives. At Springfield they were joined by E. N. Kitcher of this city, the father, and a pleasant family reunion was held at the home of Mrs. Goodrick. Mr. Kitcher's visit was cut short because of being called home to testify in the Hodges and Rook condemnation proceedings.

CITIZENS COMMITTEE NAMED FRIDAY NIGHT

MASS MEETING WAS HELD AT COURT HOUSE

Nine Men and Women Chosen to Advise With City Council Relative to Proposed Bond Election —Financial Question Discussed Informally.

A meeting of citizens was held at the court house Friday night for the purpose of discussing matters relating to the proposed bond issue in Jacksonville, and for the appointment of a committee to co-operate with the city council in an advisory way. Dr. E. F. Baker was chosen chairman of the meeting and C. O. Bayha secretary. Following the discussion it was decided to select a committee of nine representative of the four wards, the number being the same as that of the city council. Members of this committee are named as:

- Chairman—Dr. E. F. Baker.
- First ward—Mrs. W. P. Duncan, A. W. Becker.
- Second ward—Mrs. Joseph Gomes, Bernard Gause.
- Third ward—Mrs. A. C. Baldwin, Edward Longman.
- Fourth ward—Mrs. Clarence York, John J. Reeve.

It was the purpose of the assembly, in accordance with the motion made, to nominate one woman and one man from each ward and it was the evident purpose in making the choice to recognize both political parties. There were more than seventy five persons present and after chairman and secretary had been chosen Dr. Baker made a brief statement, setting forth that this is a time which calls for special co-operation on the part of all citizens. He said that the financial situation was one which is of vital interest to every citizen, and that there should be united effort in order to bring about a thorough understanding of the conditions.

Purpose of the Committee
Asked what the purpose was in naming a committee, Dr. Baker said that it was his understanding that the council by recent resolution indicated the wish that a citizens committee should be appointed to consider with the council questions relating to a bond issue and to take such action that the citizens generally may come into a more thorough understanding as to the city's condition and what can be done for relief. He said that this citizens committee would not have special authority but that it would be expected to advise with the council and if deemed best could no doubt in event a bond issue was authorized continue its duties and scrutinize the expenditure of the money raised from bonds.

The chairman called upon Mayor E. E. Crabtree to make a statement as to the purpose of the meeting and the proceedings which had led to it. Mr. Crabtree spoke only briefly, stating that the petitions filed with the council and the statement made by various citizens indicated a desire on the part of the people for a bond issue to pay off the city's floating debt, and to make certain the building of a filtration plant in connection with the dam. The mayor said that this administration had definitely determined to be a people's administration and wishes to take only such action as a majority of the people want. He said that in line with this policy that the council had gone on record as asking for the naming of a committee to consider the questions relative to the proposed bond issue.

Co-Operation Necessary
Mr. Crabtree indicated that he and the aldermen were of one mind in the belief that they could not accomplish much for the city without the co-operation of the citizens, and further, that the council had an earnest desire to know what the people really want. He gave figures to show the present bonded indebtedness of the city at about \$119,000, which includes the \$75,000 of water bonds authorized at the election some months ago.

Asked with reference to the bonding power of the city, Mr. Crabtree said that it was his understanding that under the present law that the city can legally issue bonds to the extent of about \$330,000. On the suggestion of Mr. Crabtree, John J. Reeve, who is especially well informed on laws relating to municipalities, made a statement with reference to bonding powers. Mr. Reeve referred to the new law passed by the last legislature but said that in his mind it was doubtful as to whether the city could issue bonds to the amount indicated by figures already quoted until after the assessed valuation of property had been made by the new tax commission.

He said, however, that should the city desire to issue \$200,000 in bonds, it is his opinion that the authorization by the people might be so phrased that \$200,000 in bonds, or such part thereof as would be legal, might be passed upon at an election held as soon as possible, and that the authorization of bonds would become effective only after action had been taken by the tax commission.

Bonded Indebtedness Low.
Mr. Crabtree mentioned that the outstanding bonded indebtedness of the city, including the \$75,000 of water bonds, is very low by comparison with other cities and the speaker said that the cities carrying such a small bonded indebtedness are very, very few. Mr. Crabtree said in answer to a question by Joseph Gomes that the council did not at this time have in mind the removal of the municipal light plant to the south pumping station, tho it believed that should be done at some future date, in order to save from \$5,000 to \$8,000 per year in the cost of coal. Mr. Crabtree indicated that the figures were not available as to the exact cost of such a consolidation, and said that Mr. Gomes, with his mechanical knowledge, could probably give a better figure than he could upon this cost.

JOURNAL SUBSCRIPTION RATE CHANGES

The Journal recently announced increases in subscription rates quoted below and effective August 1. In order to give all present subscribers the opportunity to secure the paper at the present rates, the management has determined to delay putting these rates into effect until August 11.

There is to be no special solicitation but Journal subscribers who are in arrears and who wish to pay up to date can do so and can pay in advance at the present rates if they so desire.

The present yearly rate for the Daily Journal by carrier in Jacksonville is \$6 per year; by mail \$5 per year. The rates which will become effective August 11 are by carrier in Jacksonville \$7.50 per year; by mail, \$6 per year.

Hope to Effect Savings

The mayor said that the council does have in mind various things by which it is hoped to effect savings.

At an earlier point in the meeting a vote was taken on the question as to whether the assembly was in favor of a bond issue for the payment of the floating debt, and the installation of a filtration plant. This motion was carried with not more than two or three dissenting votes.

H. M. Capps referred to a point not often mentioned in connection with the water supply, and said that the cost to property owners is insignificant when it is remembered that the increased water supply will make possible a considerable lowering in insurance rates. He estimated the saving in insurance rates would be sufficient to more than pay the yearly interest on the bonds and something toward the principal.

Two Ways to Secure Funds.

Dr. Edward Bowe spoke of the need for greater interest on the part of citizens in public affairs relating to their welfare. He said that he had great confidence in the mayor and members of the council and felt that they are working for the best interests of the city. He made particular reference to the coming constitutional convention and said he did not believe the people fully realized the importance of that convention. He said that the special interests would have their representatives there and it behooved the people to see to it that such delegates were chosen that the interests of the people were fully guarded. The speaker said that now municipalities have only two ways of securing funds and that is from general and special taxation, and that some means should be evolved whereby cities can increase their revenues by handling such utility matters as production and distribution of light and ice and the distribution of water.

Before adjournment was taken Mr. Crabtree took special occasion to invite all those present and citizens generally to attend the sessions of the city council, and he said that the council sincerely wished for the presence of citizens at these meetings, that all visitors are called upon and that suggestions and advice are wanted.

Dr. Baker said that he had attended several recent council sessions and had been impressed with the need there is for co-operation and the value to the city of co-operation between the council members and citizens.

Various persons took part in the business of the discussion, including Thomas Worthington, Joseph Gomes, Dr. W. E. Stevens, Thomas Stevenson, Michael McGinnis, J. L. Tayman, John W. Merrigan, T. A. Chapin, Bernard Gause and F. M. Coard.

HONOR FLAGS FOR LOCAL BOY SCOUTS

Scout Master Harry Walker yesterday received three Victory Liberty Loan Industrial Honor flags from the treasury department at Washington. One of these flags is to be preserved by the local Boy Scout troop, in recognition of the service performed by the members of the troop, and the other two are to be awarded to the two Scouts who have the highest records for Liberty Loan work. The announcement of the winners will be made in the course of a few days.

The flags are very handsome in design, made of white cloth with a red border and a large blue V in the center. They bear the following inscription: "The Victory Liberty Loan Industrial Honor Emblem Awarded by the U. S. Treasury Department."

CHIEF HUNT REPORTS FIRES FOR FOUR MONTHS

Report Shows Twenty Eight Calls Total Loss on Buildings and Contents \$8,025 — Insurance Loss \$2,920—Cost of Maintenance Small.

Chief Hunt has prepared his report for the fire department, covering the months of April, May, June and July. The report shows that during these months the department made twenty eight runs which is small compared to the corresponding months in the past.

The total value of the property involved in buildings and contents was \$109,375. Total amount of insurance carried \$78,500. Total loss of buildings and contents \$3,025; total insurance loss \$2,920.

Figures showing the cost of maintenance are of interest in these days of retrenchment in all city departments. The report shows that twenty five gallons of gas was used in making the runs and pumping. This gas costs 24 cents per gallon making a total of \$7.

Five three gallon chemicals were used and four 40 gallon chemicals. Five lines of hose were laid with a total of 2,500 feet and thirty feet of ladders erected.

Chief Hunt calls attention to the fact that the cost of shoeing one team of fire horses would be more than the total cost of the gas used to operate the two fire trucks for the four months. It must be remembered that the horses had to be shod at least once a month as the shoes were worn out in the stalls and in exercising them every day.

The fires, date, location and kind are given hereunder:
